

***MIST ON THE WIND [5-98]***

**Nature's splendor, the great outdoors,  
God's glorious wonders to see.  
No finer place to enjoy this peace,  
Than along the old \*AT.**

**A life akin to the mist on the wind,  
This, the wanderlust's way.  
He'll roam about to his heart's delight,  
A calling he must obey.**

\*The Appalachian National Scenic Trail (AT), a continuous footpath through the mountains and valleys of 14 states from Springer Mountain GA to Mount Katahdin ME, a distance of 2150 miles. <http://www.appalachiantrail.org/>
